FOR IMMEDIATE RELEASE

Road construction to begin on East Bankhead Drive

WEATHERFORD (CITY OF WEATHERFORD), Texas - The Weatherford Transportation and Public Works Department will begin resurfacing East Bankhead Highway from Fort Worth Street to Ikard Lane, Monday, Aug. 14. This construction project is estimated to last approximately two weeks, weather permitting.

Due to the narrow width of the roadway, traffic flow will be one-way at certain times, with flaggers at each end during paving operations. Motorists should expect delays during this road work and are encouraged to use alternate routes.

“This is one of our many street rehabilitation projects,” said Director of Transportation and Public Works Manny Palacios. “This project represents our commitment toward continually making our roadways better.”

Businesses and residents within the project area will have access to their property at all times. Main access driveways will be open to through traffic with occasional closures during construction. Businesses and residents within the project area will be notified in advance when a driveway will be temporarily closed.

For more information, please contact the Transportation and Public Works Department at 817-598-4245 or visit www.weatherfordtx.gov/tpw for project updates.

Editor’s note: A layout of the proposed area for road construction is attached.
